£1025 + VAT

## IN-COMPANY LEARNING – LET US COME TO YOU

All BSI courses in this schedule and much more can be delivered on site. This approach is used by many of our clients and enables us to deliver training tailored to your organisation. Delegates will gain valuable experience and insight into your system, the organisation and how best to utilise the techniques learned. The flexibility of the location and elasticity of the course timings make this an increasingly popular choice.

June 23-24	Cardiff
July 16-17	Swindon
August 21-22	London
September 15-16	York

2 DAYS

£680 + VAT

## BUSINESS AND SYSTEM IMPROVEMENT

### ROBUST DESIGN

Dr Taguchi's approach to Robust Design provides a structured methodology which allows the development of robust products and processes. We are the recognised world leaders in the application of Robust Design using Taguchi methods, having had a direct association with Dr Taguchi since 1988.

February 18-20	Milton Keynes
May 20-22	Milton Keynes
October 07-09	South Manchester
December 02-04	Milton Keynes

3 DAYS

£995 + VAT

### CUSTOMER FOCUS USING QFD (QUALITY FUNCTION DEPLOYMENT)

Customer focus is used to carry the "voice of the customer" throughout your organisation. The techniques used are extremely flexible and can be used in any situation to ensure that the needs of the customer remain paramount.

February 20-21	South Manchester
May 13-14	Milton Keynes
September 16-17	South Manchester
November 18-19	Milton Keynes

2 DAYS

£695 + VAT

### STRUCTURED PROBLEM SOLVING

Significant progress can be made towards solving company problems and improving the quality of goods and services by using simple tools. The seven quality improvement tools are mainly quantitative methods which can be used in conjunction with a structured problem solving process.

May 15-16	Milton Keynes
September 18-19	South Manchester
November 20-21	Milton Keynes

2 DAYS

£695 + VAT

### INVENTIVE PROBLEM SOLVING (TRIZ)

This course is designed for anyone directly involved, or who has an interest in, problem solving, new product and process development, research & development or innovation.

February 18	South Manchester
June 18	Milton Keynes
September 02	South Manchester
November 25	Milton Keynes

1 DAY

£395 + VAT

### STATISTICAL PROCESS CONTROL (SPC)

As this course provides an introduction to Statistical Process Control, it is suitable for anyone wishing to explore how the techniques can be used in their own environment.

February 18-19	South Manchester
April 16-17	Milton Keynes
September 24-25	South Manchester
November 19-20	Milton Keynes

2 DAYS

£695 + VAT

### FAILURE MODE & EFFECTS ANALYSIS (FMEA)

Prevention is always better than cure! FMEA was originally developed in the 1960's in the aerospace industry as a systematic method of identifying and investigating potential design or process weaknesses.

April 15	Milton Keynes
September 23	South Manchester
November 18	Milton Keynes

1 DAY

£395 + VAT

### WHAT IS LEAN?

Lean is an approach to improving business processes based on the systematic elimination of waste and non-value-added activities, and the creation of flow of product or service based on the customer's requirements.

February 25	Milton Keynes

## BSI REGISTERED AUDITOR

BSI Registered Auditor qualifications provide management systems professionals with an opportunity to demonstrate a commitment to personal professional development.

### WHAT IS THE BSI REGISTERED AUDITOR QUALIFICATION?

Supported by the international strength of BSI it is set to become the benchmark qualification for Quality, Environment, Health and Safety and Information Security Management Systems personnel.

It provides a means of ensuring awareness and understanding of best practice in management systems auditing. Successful participants benefit from the award of a valuable qualification and mark supported by the integrity of the BSI name.

### ROUTE TO QUALIFICATION

- Pass the appropriate BSI auditors course
- Complete the one day advanced auditing course
- Complete and pass our qualifying review (a one day audit coaching and review session carried out on site)

After qualification, support continues. Firstly the names of the successful auditors will appear on the BSI website. You'll also benefit from the latest thinking and topical comment via the BSI Registered Auditors' newsletter and receive continued support through dedicated training and on site coaching.

### BENEFITS

- System audited by competent personnel
- Provides career development
- Ensure that audits deliver business benefits
- Contributes to effective corporate governance
- Auditors are kept up-to-date
- Successful applicants will receive a "Registration Mark" and certificate that affirms BSI Registered Auditor status to colleagues and employers
